Resilience. Readiness. Reliable Execution

ArvataLogix, (d/b/a Liuos Thinking, Inc.), is a HUBZone, Service-Disabled Veteran Owned Small Business in Schenectady, New York that helps DOD, federal civilian, DHS, and other critical infrastructure owners keep operations running under stress. We combine facility and infrastructure support, operational coordination, cyber risk management, and supply chain resilience to protect essential missions and sustain continuity in demanding environments.

Teaming Posture

- Experienced as a Prime or a Sub; ready to support proposals with past performance, ISO certifications, and compliant back-office systems

Facility & Infrastructure Support

- Facility Operations & Maintenance
- Infrastructure Sustainment
- Contractor / Vendor Coordination
- Resource Planning & Allocation

Operational Resilience

- Supply Chain Operations & Surge Logistics for Training and Deployments
- Enhanced Decision Support (KPI, Dashboards) for Installation Leadership
- Deployment, Disaster Recovery, and Integrated Security Controls

Information Technology

- Installation Cyber Risk Assessments & CMMC-aligned Readiness
- Penetration Testing & Cyber Policy Development
- Zero Trust-Oriented Security Architecture & Infrastructure Design
- AI Governed Management

Past Performance & Strategic Contract Vehicles

- Prime on the FEMA Temporary Support Facilities IDIQ – Positions ArvataLogix to self-perform or flow work on FEMA related task orders
- Prime on the Missile Defense Agency SHEILD IDIQ - Access to mission IT, cyber, logistics, and training task orders

ArvataLogix De-Risks Your Bid & Strengthens Your Proposal

Proven Past Performance + ISO-Certified Risk Management

Proven Performance at Scale

- **NYC Office of Chief Medical Examiner (OCME)** – Prime contractor delivering over \$8M in emergency logistics and operations support with no service interruptions and no negative audit or compliance findings.
- **U.S. Customs and Border Protection (CBP)** – Approximately \$5M in mission support under demanding field conditions, maintaining exceptional past performance ratings throughout the engagement.
- **FEMA Temporary Support Facilities & CBP Base Camp Support** – Rapid mobilization and sustainment of temporary facilities and base-camp operations, providing surge capacity with zero safety or security incidents.
- **Defense & National Security Customers (VA, HHS, National Guard, USAF)** – Ongoing logistics, facility, and mission support delivered under ISO-certified quality and risk-management frameworks with a clean compliance record across all contracts.

ISO-Certified Risk Controls & Quantified Cost Savings

Value Driver	ISO Standard(s)	Quantified Impact	Federal Client Benefit
Quality Cost Reduction	ISO 9001 + 31000	10–15% operational cost savings; up to 40% error reduction	Lower contract costs, fewer change orders, on-time delivery
Cybersecurity Protection	ISO 27001	30–55% fewer incidents; \$1.5M avg savings per breach	CUI protection, CMMC alignment, reduced breach liability
Supply Chain Resilience	ISO 28002	Reduced disruption frequency; lower insurance costs	Mission continuity, counterfeit prevention, GAO compliance
Environmental Efficiency	ISO 14001	2.7% output increase; reduced waste/energy costs	Lower lifecycle costs, sustainability compliance
Systematic Risk Management	ISO 31000	20–40% business performance improvement	Proactive risk identification, audit-ready documentation
Combined Framework Effect	All 5 Standards	Cost of Poor Quality reduced from 15–20% to below 5% of revenue	Total cost of ownership reduction of up to 10–15% on contract value

At-a-Glance Profile

- **HUBZone / SDVOSB / Veteran and First Responder Led**
- **ISO 9001 / 27001 / 28002 / 14001 / 31000 – Certified, Risk-Based Management Systems**
- **Proven past performance (Prime & Sub) with zero negative audit, safety, or security findings**
- **DCAA compliant accounting and audit ready documentation minimizing your financial oversight**
